TRUSTED SUPPLIER OF PROFESSIONAL GRADE PRODUCTS

THE WINNING ADVANTAGE

Since 2001, Zenex International has been an industry leading full-service provider of private label aerosol, hand soap, and liquid products, offering a broad portfolio of proprietary formulations through an international network of professional manufacturers and distributors. We specialize at providing a complete range of professional grade chemical products for industrial, commercial, and institutional applications and businesses across North America.

Our advantage is simple – we provide private label branding services, industry leading low minimum order quantity requirements on every order, exceptional customer service and quick turnaround times. We work intimately with distribution partners to enhance brand equity and enter new market sectors with minimal upfront investment.

We help you win at the sink, win at the car, win on any surface. With thousands of product formulations to choose from, now is the time to review our products and get started.

DISTRIBUTOR FOCUSED – Private label partnerships are our specialty

INDUSTRY LEADER – Low minimum case quantity requirement on every order

PRODUCT DEPTH – Thousands of professional grade products available for automotive, janitorial, industrial, and screen-printing applications

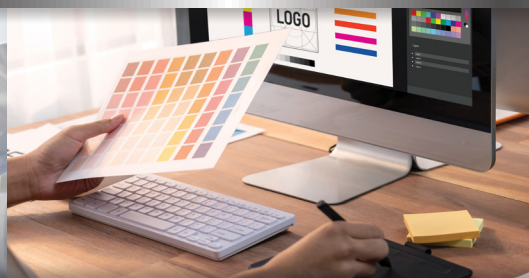

REGULATORY COMPLIANCE & TECHNICAL APPLICATION SUPPORT – Experts at navigating the complex regulatory environment and solving technical application challenges

EXCEPTIONAL CUSTOMER SERVICE & FAST DELIVERY

CUSTOMER SERVICE

Our customer service team is revered for their friendly and fast responses. We employ a “customers come first” mentality that drives us to provide outstanding support to our customers. Our quick response time, speed of delivery, high-level professionalism and overall exceptional service set us apart from the competition. We are committed to an efficient and consistent customer experience, allowing our customers to get back to the work that matters most.

GRAPHIC DESIGN SERVICES

Our in-house, full-service team of graphic design specialists have nearly 50 years of combined experience creating customized logos and label artwork for customers. Our approach is focused on consulting directly with customers to quickly deliver high-quality designs that enhance brand awareness and expand market outreach. Our team of experienced regulatory and graphic design specialists work directly with distribution partners to ensure the customized private label process is seamless and successful. With thousands of in-house aerosol and liquid formulations to choose from, Zenex is your full-service-shop for expanding your brand.

RESEARCH & DEVELOPMENT

Our in-house research and development laboratory team performs in-depth quality and performance testing to validate formulations and ensure customer success. We provide new product development services, exceptional quality assurance, and unmatched application expertise and support. Our team is dedicated to getting you the formulas, products, and support your company needs to succeed.

NEUTRAZEN NATURAL SCENTS air fresheners are fast acting, long lasting, professional grade products designed to eliminate odors in just about any application environment. Available in quick release foggers, handheld sprays, and metered sprays. Neutrazen products are infused with *Ordenone®, a proprietary odor encapsulation technology that entraps malodor molecules such as mercaptans, sulfides, amines, and fatty aldehydes to control foul odors quickly and effectively. Provides long-lasting control without the fall out of solvent-based odor control products on the market. Does not stain surfaces or contain ozone depleting chlorinated fluorocarbons (CFC's).

*Ordenone® is a registered trademark of Belle Aire Creations.

Odor Neutralizing Foggers

Fast acting dry deodorant spray designed to refresh and restore a pleasant fragrance in institutional, automotive, residential, and commercial environments. Equipped with a dual-valve configuration – one for applications where a short burst of product is required or a lock valve setting for full can release applications. The full release valve mechanism is commonly used by automotive detail and restoration professionals to remove pet odor, fire / smoke damage, cigarette smoke, and mildew from upholstery, carpet, car interiors and more.

- Neutralizes malodors
- Long-lasting dry spray with no fall out or CFC's
- Non-staining, non-chlorinated
- Leaves a pleasant scent

Interior Shine

VINYL / PLASTIC COATING - WATERMELON SCENTED**497797**

Fast-drying and non-foaming formula enhances the appearance of vents, dashboards, consoles, and molding by delivering a water-resistant shine. Brightens any vinyl or plastic surface and includes a fine aerosol mist for hard-to-reach places.

- Matte finish
- Fast-drying, non-foaming formula
- Water-resistant finish

**NET WT: 12 oz****CAN SIZE: 20 oz**

SafeShine NON-SILICONE COATING

Brightens any plastic surface to deliver a high-gloss shine to vinyl interiors, bumpers, body molding, engine components, and even hard-to-reach air conditioner ducts. The silicone-free formula makes this product body-shop safe.

- *Silicone free*
- *Water-resistant*
- *High gloss shine*
- *No wiping required*

497877

NET WT: 11.5 oz

CAN SIZE: 20 oz

BodyGloss FINAL DETAIL SPRAY WAX

Easy-to-use, final detail high gloss spray wax that gives your vehicle a showroom shine. Polishes all exterior painted surfaces, such as glass and metal, and is great for chrome, aluminum, plastic, rubber trim and woodwork.

- *High gloss, showroom shine finish*
- *Safe for all finishes and previously applied protective coating*
- *Bag on valve aerosol*
- *Repels water & prevents discoloration*

495305

NET WT: 13.75 oz

CAN SIZE: 20 oz

ZenAllure LEATHER CLEANER & CONDITIONER WITH MINK OIL

Moderate foam cleaner and conditioner that cleans grime, body oils, ink, lipstick, and other soils from leather without transferring onto clothing after treatment. Perfect for automotive seats, panels, arm rests, and more.

- *Silicone free*
- *No heavy waxes*
- *Protects from sun damage, cracking and fading*
- *New-leather scent*

493975

NET WT: 15 oz

SILICONE LUBRICANT

A clear, odorless and colorless silicone lubricant and preservative specially formulated to leave a slippery, continuous film that lubricates, protects, and lengthens the life of synthetic plastics, rubbers, neoprene, wood, fabrics, and more. The non-drying formula adheres to most surfaces to eliminate “hang up,” stop sticking, eliminate squeaks, retard corrosion, and waterproof surfaces. Use on hinges, springs, locks, windows, doors, outdoor lawn equipment and more.

- Retards rust and corrosion
- Chlorinated solvent free
- Waterproofs and protects
- Temperature range: -58°F to 600°F

Silconex FG

FOOD GRADE SILICONE

A silicone-based *USDA H1 incidental food contact lubricating, waterproofing, and rustproofing agent for indoor and outdoor applications. Specially formulated for use on food processing and handling equipment, molds, dyes, packaging machines and containers.

- Food grade silicone
- Heat stable, dries quickly, and acts as rust inhibitor
- Temperature range from -58°F to 575°F

*Meets USDA requirements for designation as an H1 incidental food contact lubricant in accordance with U.S. FDA 21 CFR 178.3570 regulations.

ZenaLube Dry PTFE

DRY PTFE LUBRICANT

High grade multiple use lubricant and release agent with excellent microscopic film-forming properties. Resistant to most elements and formulated to reduce friction at medium to low resistance, contains no silicones or petroleum oil, and is ideally suited for use on metal, plastic, and wood.

- Repels dirt & dust
- Non-oil & non-staining
- Temperature range works from 0°F to 500°F

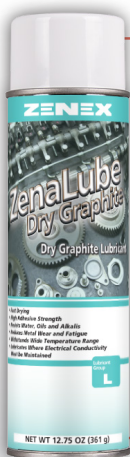

496205

ZenaLube Dry Graphite

DRY GRAPHITE LUBRICANT

Fast drying, super-adhesive film lubricant that coats and protects metal and plastic. Extends the life of moving parts while providing superior lubrication that is resistant to water, oils, and chemical attack without attracting dust and dirt. Performs well in extreme pressures and temperatures creating a protective barrier that reduces metal wear and fatigue.

- Bonds instantly to metal, rubber, and plastic substrates
- Fast drying & high adhesive strength
- Resists water, oils, and alkalis
- Heat stable from -100°F to 850°F

ZenaLube Moly

HIGH TEMP DRY MOLY LUBRICANT

FOR INDUSTRIAL USE ONLY

Contact sales representative about use restrictions before purchasing.

Formulated with molybdenum disulfide to provide excellent anti-friction and anti-seize properties, adhering to most materials while repelling dust and dirt. Improves operating efficiency with this non-corrosive lubricant that is resistant to water, alkalis, and most acids, extending the life of parts and reducing maintenance costs.

- Fast drying
- Non-corrosive, oil-free formula
- Performs well at high temperatures from -28°F to 600°F

HAND & SURFACE CARE

Discover Our Hand Soaps – Our line of hand soaps features a diverse range of abrasive and non-abrasive cleaners designed to meet every need. From natural pumice and walnut shell abrasives to non-abrasive, waterless formulas, our industrial hand cleaners deliver an impressive clean while leaving hands moisturized and refreshed.

Discover Our Wipes – Our broad portfolio of pre-moistened hand and surface fiber towels provide industrial-grade performance to tackle tough soils on thousands of surfaces. If you are looking for more than a multi-purpose everyday industrial wipe, we have you covered. We have application specific wipes for stainless steel, electronics screens, upholstery and carpet, tools, paint, graffiti and more. Available in many wipe count and size configurations to meet your business needs.

CONCENTRATED MAGIC™ stands at the forefront of our hand care lineup, delivering powerful, industrial-grade cleaning action to industrial and manufacturing professionals – it works so well, it is like Magic. This super concentrated formula is pH balanced, fortified with all-natural cosmetic grade walnut shell scrubbers and skin-friendly moisturizers to prevent hands from cracking and drying out. This carefully crafted formula emulsifies stubborn grime, grease, dirt, oil and more away from the skin – you name the soil, Concentrated Magic™ gets the job done.

Concentrated Magic™ INDUSTRIAL HAND CLEANER

PRIVATE LABEL ONLY

235883

A highly concentrated industrial strength hand cleaner designed to remove stubborn dirt, grease, ink, and paint while protecting hands from drying and cracking. The proprietary blend of cosmetic grade walnut shell scrubbers, emollients, and skin moisturizers makes this soap the go-to solution for auto mechanics, shop owners, painters, industrial workers, do-it-yourselfers, and weekend warriors who tackle tough dirty jobs all day long.

- Super concentrated
- Tackles the most stubborn soils
- All-natural formula without petroleum, distillates, solvent, or dyes
- Skin-friendly and residue-free

CITRUS

Cherry Burst PUMICE-BASED SOLVENT HAND CLEANER

233053

An industrial strength, heavy-duty, pumice-based hand soap designed to deliver a rigorous deep clean while keeping hands soft. The super concentrated formula allows for a deeper cleanliness with less product, removing soils from hands quickly and effectively.

- Super-concentrated
- Removes grease, grime, tar, inks, resins, adhesives, paint, and more.
- Natural pumice exfoliates and cleans
- Skin-friendly

CHERRY

Orange Crush INDUSTRIAL PUMICE HAND CLEANER
